EDUCATION

2022 - Present

Bachelor's degree, Faculty of Science Computer Science

Kasetsart University

CAREER OBJECTIVE

I am interested in the Software Tester / Quality Assurance field because it focuses on attention to detail, which is essential for ensuring software quality. With a background in system analysis, I have skills in writing test cases, manual testing, and bug reporting. I have experience using tools like Postman, Jira, and Excel for managing testing tasks and am also working on enhancing my knowledge of SQL for data validation. I am ready to learn more about everything.

EXPERIENCE

2022-Present
